I'm trying to keep up with all the schools. Unfortunately I'm headed out this morning to a conference that I'm presenting at. I'll try to get to this soon.

Hi Kim,

We have not heard back from EPA on the filing of our remediation plan, and we are hoping for a response soon. When I last e-mailed you, I received an auto reply that you would be on furlough for a week, so I imagine that this has affected your ability to respond.

We would appreciate anything you can do to expedite the review. We are moving quickly on constructing the new building, and we hope to be able to competitively bid the scope of work to remediate the old building over this summer.

Regards,
Pat
